

# TMB Rules

Card #:	Card Name:	Function:
1	 Multiplier	When you play this card, 5,000 points are added to your points. <b>(3 cards in the deck)</b>
2	 Point Thief	When you play this card, you get to steal 5,000 points from another player. <b>(3)</b>
3	 Mega Multiplier	When you play this card, 10,000 points are added to your points. <b>(2)</b>
4	 Mega Point Thief	When you play this card, you get to steal 10,000 from another player. <b>(2)</b>
5	 Rock-Paper-Scissors	When you play this card, you get to choose another player to play RPS against. The winner gets 20,000 points, and the loser gets 10,000 points. <b>(2)</b>
6	 Point Shield	When you play this card, it blocks an attack by another team. It can be used anytime someone tries to attack you (even if it's not your turn). <b>(3)</b>
7	 Card Thief	When you play this card, you get to steal a card from any player, but you must give the player a card in return. (You can give back the card you stole if your own cards are better.) <b>(2)</b>
8	 Point Reset	When you play this card, it resets the points for everyone in the game, including yourself. (A Point Shield will block this card and can be used in combination with this card.) <b>(1)</b>

9	 The card features a robot character and the text 'H. SCHNEPPACK 432', 'PM', and 'Point Machine'.	When you play this card, you add up the 1 <sup>st</sup> digit of each player's points. Multiply that sum times 1,000, and you gain that amount of points. <b>(2)</b>
10	 The card features two green alien heads and the text 'PM' and 'Point Match'.	When you play this card, you get to match your points with any other player's points. It can be used on yourself or another player to higher or lower their points. <b>(2)</b>
11	 The card features a bomb and the text 'PB' and 'Point Bomb'.	When you play this card, you get to pick any player to lose ½ of their points. (Divide the number by 2.) <b>(2)</b>
12	 The card features two cartoon characters and the text 'PF' and 'Point Friend'.	When you play this card, you receive 20,000 points, and you get to pick another player to receive 10,000 points. <b>(2)</b>
13	 The card features a blue character and the text 'PS' and 'Point Shuffle'.	When you play this card, you get to rearrange the digits in any number for yourself or any other player. For example, 123,456 can become 654,321. <b>(2)</b>
14	 The card features a red die and the text 'LR' and 'Lucky Roll'.	When you play this card, you get to roll 1 die. Whatever number is rolled, you get that amount of points times 10,000. For example, if you roll a 2, then you get 2 x 10,000 = 20,000 points. <b>(2)</b>
15	 The card features two arrows and the text 'PS' and 'Point Swap'.	When you play this card, you get to swap points with any player you choose. You may also swap any other player's points with that of another player's. <b>(1)</b>
16	 The card features a character and the text 'MS' and 'Magical Shift'.	When you play this card, you get to rearrange the order of all the players in the order that you want. For example, you get to say who is in first, second, third, and last place. <b>(1)</b>

17		<p>When you play this card, you get to double the amount of points that you have. <b>(2)</b></p>
18		<p>When you play this card, you get to eat any digit from a player and gain those points. For example, if a player has 124,578 points, you can eat the 1 in the 100,000s place. The number becomes 24,578, and the player that got the card gains 100,000. <b>(2)</b></p>
19		<p>When you play this card, you get to change your points to the greatest amount of points that you had at any point in the game. For example, if you had 10,00 points at one point, you can go back to the 10,000 you had. <b>(1)</b></p>
20		<p>When you play this card, you get to add a zero after the last digit in your points. For example, if you have 1,240 points, this card will add a zero making your total points 12,240. <b>(1)</b></p>
21		<p>When you play this card, it clones the last card that was played. For example, if a Lucky Roll was used and a player got 40,000. The Card Clone would allow a player to also get the 40,000. <b>(2)</b></p>
22		<p>When you play this card, you get to pick any card from the deck, and this card will turn into the card you selected. <b>(1)</b></p>
